Our Story

Built on relationships.
Proven over 25 years.

Since 1999, we've helped South Africa's leading brands turn gifting into meaningful experiences. What started as event coordination for major corporates has grown into a full-service gifting partner trusted by businesses across every industry — from TFG, Shoprite Checkers and Deloitte to Mediclinic, Biovac, Afrimat and Distell.

We've never missed a deadline or compromised on quality. Whether the brief is 50 units or 10 000, we bring the same care, attention and commitment, delivering solutions thoughtfully tailored to each client's vision.

It says everything that our very first client in 1999 - TFG (The Foschini Group) - is still one of our biggest clients today.
